- Built Web Services (Rest APIs) for all academic services on .Net Core with JWT token-based security.
- Implemented Payfort Payment Gateway on our applications.
- Responsible for planning, coding, building, testing, releasing, deployment, operating, monitoring process for all projects.
- Worked on (MOE) Ministry Reports and JAMEA/NAQEL system integrations.
- Transformed Oracle Form desktop-based systems to the web applications.
- Delivered interactive KPI dashboards using JS Charts, for the top management users.
- Responsible for structure-based programming (DAL, BLL and Presentation Layer).
- Scripted complex MS.SQL, PL/SQL queries, views, procedures, triggers, and functions for various modules.

SR. FULL STACK DEVELOPER & ANALYST

HALWANI BROTHERS - KSA (SEP-2014 TO FEB-2018)

Technology Stack:

ASP.Net Razor MVC, C#, jQuery, Bootstrap, Dev-Express, Telerik, MS SQL Server, TFS

Responsibility:

- Developed HR self-service portal for the employees comprising all the modules associated with employee profile, contract, attendance, overtime, leave, transfers, disciplinary, payroll and end of service etc. with workflow-based approvals.
- Developed workflow integrated Ticketing support system / Project & Tasks management / Strategic Planning system / Assets & Raw material Management.
- Built .Net based Web Services & Web APIs for all application services.
- Responsible for planning, coding, building, testing, releasing, deployment, operating, monitoring process for all projects.
- Delivered various KPI (Microsoft Dynamics AX integrated) dashboards for HR, Account Receivables / Payables, Finance, and other Warehouse related activities using JS Charts.
- Responsible for structure-based programming (DAL, BLL and Presentation Layer).
- Scripted complex MS.SQL, PL/SQL queries, views, procedures, triggers, and functions for various modules.

SR. SOFTWARE DEVELOPER

ARABSIGN (AL-NAJJAR GROUP) - KSA (JUL-2011 TO AUG-2014)

Technology Stack:

ASP.Net, C#, SharePoint 2010/13, DotNetNuke CMS, PHP, jQuery, Bootstrap, MS SQL, Oracle 11g

Responsibility:

- Built SharePoint portal for TAV (6th world largest organization) to organize project approval-based documents with custom web part development.
- Delivered 2 different intranet portals (family & office portal) to the Al-Rajhi Holding Co. using SharePoint 2010 with custom web part development. Both portal having the functionality of Meetings, Document Collaboration, Help desk support system, Events, Agenda management, Air Tickets Management, Visa Management, Accommodation management, Transport Management, Household Items Management, Labour Recruitment, Issue Tracking & Progress, Vehicle Information & Maintenance Management, Banking & Accounts Management, Telecommunication Managements, Education Information Management, Graphical Reports, And Many more functions.
- Delivered 20+ DotNetNuke bilingual websites with custom module development.
- Developed web-based CRM, POS, Inventory and HR system using C#, ASP.Net, DotNetNuke.
- Developed an application for CBA College that connects with master and slave Access control machines, manipulate the data from it, and push data to client's Oracle database. Technologies: C#.Net, Oracle 11g.
- Responsible for structure-based programming (DAL, BLL and Presentation Layer).
- Scripted complex MS.SQL, PL/SQL queries, views, procedures, triggers, and functions for various modules.

SOFTWARE DEVELOPER

BELTEXCO LTD (MIDAS SAFETY) - PAKISTAN (APR-2010 TO JUN-2011)

Technology Stack:

ASP.Net, C#, DotNetNuke CMS, MS SQL, Visual FoxPro, VB 6.0, Crystal Reports, SSIS

Responsibility:

- Transformed FoxPro based HR, Production and Finance related applications to the web version using C#, ASP.NET Web Forms.
- Bug fixing, testing, adding new requirement.
- Communicated technical issues with team lead and manager.
- Scripted complex MS.SQL, PL/SQL queries, views, procedures, triggers, and functions for various modules.

JR. SOFTWARE DEVELOPER

EING TECH (DNN COVERED) - PAKISTAN (AUG-2009 TO MAR-2010)

Technology Stack:

ASP.Net, C#, VB.NET, DotNetNuke CMS, MS SQL, Crystal Reports, SSIS

Responsibility:

- Worked with DotNetNuke team on custom module development.
- Bug fixing, testing, adding new requirement.
- Communicated technical issues with team lead and manager.
- Scripted MS. SQL queries, views, procedures, triggers, and functions for various modules.

Education

- **Micro-Bachelors in Full Stack Cloud Development (offered by IBM) in 2022 (Completed Courses 11).**
<https://credentials.edx.org/credentials/a9eb1f0f01ff4bb6ac6069b63d88281f/>
- **Graduation from Karachi University – Pakistan (2010).**
- **Diploma in Information Technology from APTECH Computer Education – Pakistan (2008).**
- **Dot Net Specialization from Sir Syed University of Engineering & Technology – Pakistan (2008).**

Certifications

- Developing Microsoft Azure and Web Services (11 Mar. 2015) Exam# 70-487
- Developing Asp.Net MVC Web Applications (02 Mar. 2015) Exam # 70-486
- Programming In Html5 with JavaScript & Css3 (15 Feb. 2015) Exam#70-480
- Web Development Fundamentals (08 Jun. 2014) Exam#98-363
- Ms SQL Server 2008, Implementation & Maintenance (30 Sep. 2010) Exam#70-432
- Introduction to Cloud Computing from IBM (14 Jun. 2022)
- Introduction to Cloud Development with HTML, CSS, and JavaScript from IBM (16 Jun. 2022)
- Developing Cloud Native Applications from IBM (18 Jun. 2022)
- Developing Cloud Applications with Node.js and React from IBM (20 Jun. 2022)
- Introduction to Containers, Kubernetes, and OpenShift from IBM (22 Jun. 2022)
- Python Basics for Data Science from IBM (23 Jun. 2022)
- Django Application Development with SQL and Databases from IBM (24 Jun. 2022)
- Microservices, Serverless, OpenShift from IBM (25 Jun. 2022)
- Python for AI & Development Project from IBM (28 Jun. 2022)
- Cloud Application Developer Capstone from IBM (11 Jul. 2022)
- Full Stack Application Development Project from IBM (12 Jul. 2022)

Achivements

- Microsoft Certified Solutions Developer (11 MAR. 2015)
- Microsoft Specialist (15 FEB. 2015)
- Microsoft Certified Professional (08 JUN. 2014)
- Microsoft Technology Associate (08 JUN. 2014)
- Microsoft Certified Technology Specialist (30 SEP. 2010)

Technical Skills

- **Languages & Frameworks:** C#.Net, ASP.Net, Angular, Web API, ASP.Net MVC, .NET CORE 3.1/6.0, JavaScript, jQuery.
- **Databases:** SQL Server 2019, PL/SQL, Oracle Database, PostgreSQL
- **Web Technologies:** AJAX, CSS, HTML5, IIS, XML Data Access Technologies: ADO.NET, ORM, Dapper, Entity Framework.
- **.NET Technologies:** Web Services, WEB API, LINQ, WCF, Entity Framework, SignalR
- **Web Server:** IIS, ASP.NET Web Development Server, Team Foundation Server, Azure DevOps, Visual Studio 2012-2022.

Strengths

- Critical Thinking & Strong Problem Solving
- Good Communication and Interpersonal Skills
- Excellent Research Skills
- Ability to work independently or as part of a team
- Ability to work with a minimum of technical supervision
- Ability to analyses information and make appropriate recommendations
- Ability to adapt and change based on new business requirements and environment
- Ability to understand the given task verbally or written

Personal Informations

- Born November 2nd, 1988, in Karachi (Pakistan)
- Citizenship: Pakistani
- Marital status: Married, 2 kids
